Your generosity during our annual appeal significantly increased WSA’s mission impact!

Thank you!

The 2019 Year-End Appeal was an incredible success! WSA donor enthusiasm was greater than ever before. Our original goal to raise $125,000 was quickly adjusted to $150,000 – and even that goal was greatly surpassed!

Thank you to our extraordinarily generous donors. Together, we celebrate success!

- Collectively, you raised $190,000 for the WSA.
- The appeal raised an impressive 45% ($57,000!) more than the year before - providing more for programs, scholarships, and research.
- Nearly 600 loyal, committed donors participated – that’s 25% more than in 2018... many of you for the first time.
- The average donation in 2019 was nearly $250!

A special thank you to our force of Facebook fundraisers: we received more than 500 Facebook donations!!

Together, you, along with your friends and relatives, (more than 4,000 overall!) raised nearly $150,000 throughout all of 2019! Your investment in the WSA enables us to make a significant impact:

- Identifying the range of concerns throughout the life of an individual with WS
- Maximizing expertise and best practices
- Promoting meaningful inclusion in school, and in your community
- Advancing research and understanding across all disciplines
- Connecting families and professionals
- Team-building to extend support to families, and provide the resources needed so all individuals with Williams syndrome will live healthy, productive, and meaningful lives

The 2019 Season of Giving was a huge success, and the WSA is tremendously grateful for our generous donors every day of the year!
Thank you!

Together, we are doing SO much more!

With gratitude,

Kalyn Frame  
Director of Development, WSA
